

IIIT-Allahabad

MS-CLIS

About the Program – MS. Cyber Laws and Information Security

- ▶ The curriculum has been designed to provide the students an in-depth understanding of core concepts such as
 - * Security Standards & Compliance
 - * Risk Management
 - * Privacy & Data Protection Regulations
 - * IT Governance
 - * BCP/DRP
 - * Security Audit
 - * Security Implementation
 - * Information Retrieval
 - * Computer Forensics
 - * Intellectual Property Right

 - ▶ The major thrust is on functional competencies whereby students are exposed to real life situations & the rich experience gained in summer training at prestigious organizations makes them battle ready for the industrial war field.
- 

Internships @ IITA

- ▶ We have a flexible and mutually beneficial Internship program. Students have to go for an internship of approximately 6–8 weeks in either a company or a university adhering to the college policies during the summer vacations just after the second semester.
 - ▶ The internship is viewed as an integral part of the course curriculum to give the students an opportunity to have the industrial exposure and a chance to get the pre-placement offer.
 - ▶ During the internship, the students have to work on a Problem-definition or Project-definition given by the company and which will then be approved by the institute as a suitable project.
- 

Summer Internship Timelines

- ▶ Summer Internship Short listing -> February Onwards
- ▶ Summer Internship -> May 15th till July 15th

- ▶ You are requested to kindly consider this talented bunch for summer internships/trainings 2011 (MAY-JULY) and confirm your participation at the earliest so that I can acquaint you with the process for internship announcement.

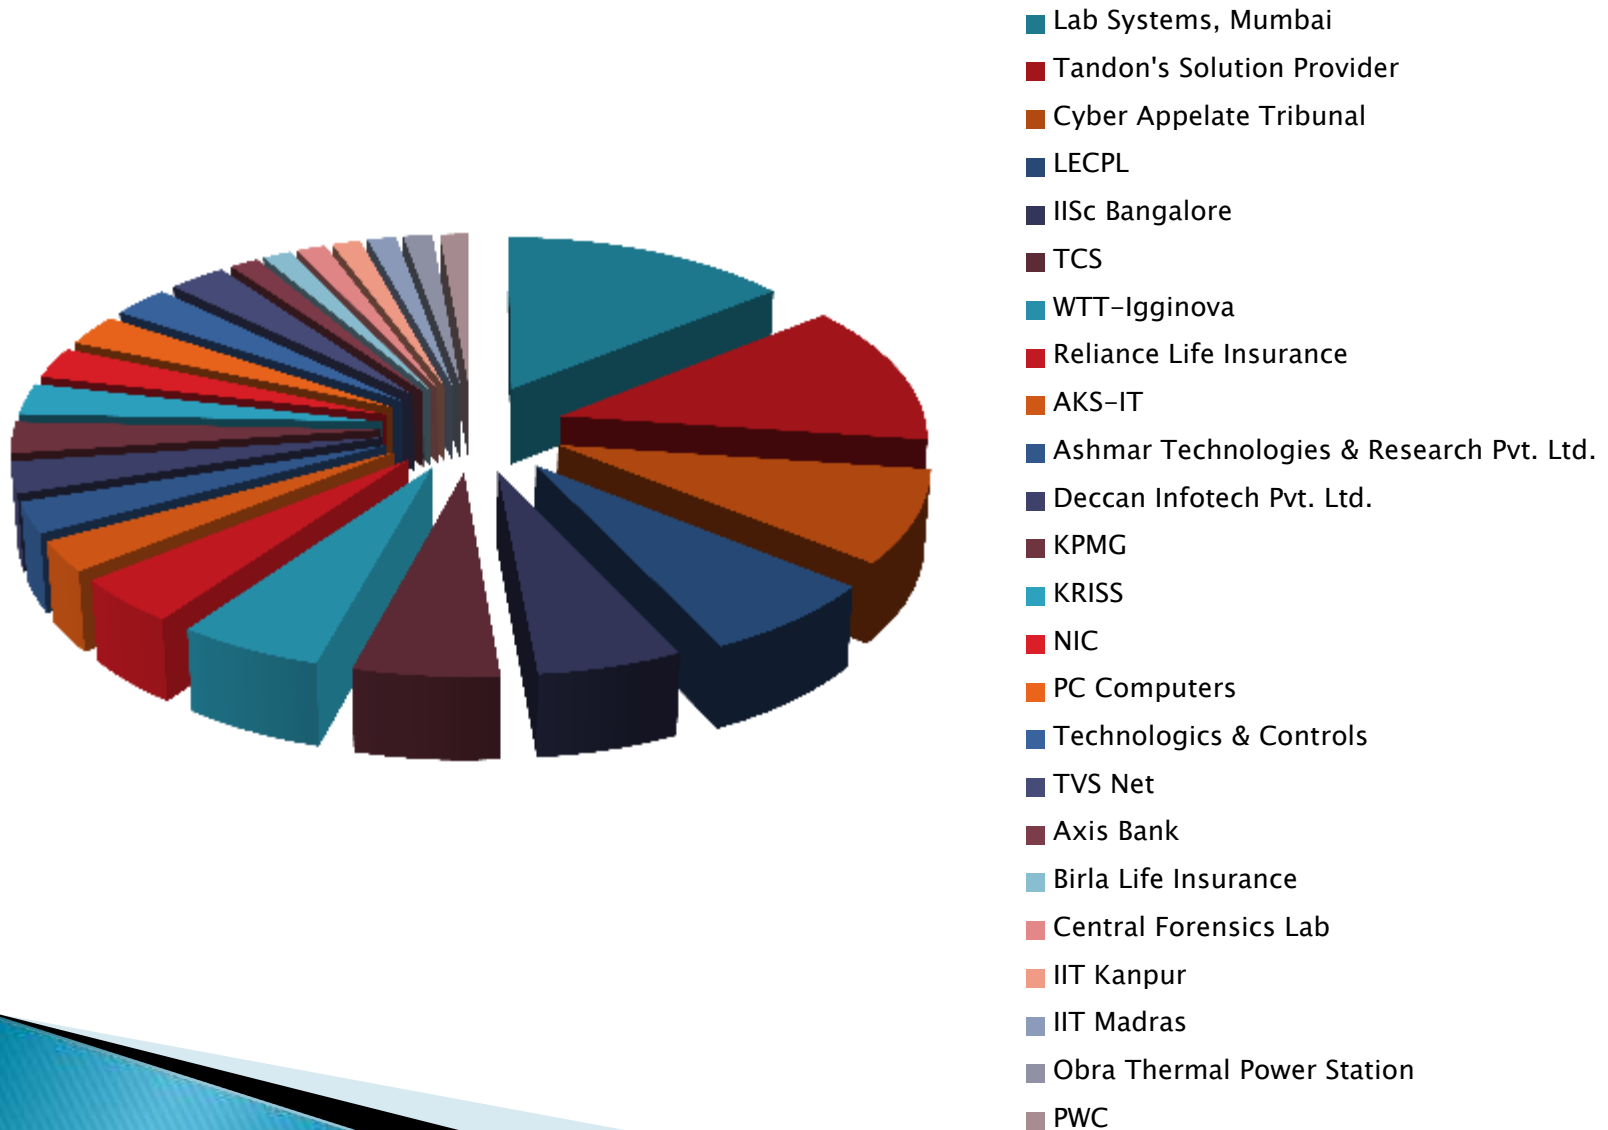

- ▶ You can review details of the course and the student profiles in the brochure

Testimonials

As alumni, I have seen the growth of information security as a subject at IIIT-Allahabad. It gives me an immense pleasure and makes me proud to see that IIIT-Allahabad has indeed become pioneer in the field of information security. At the same time the institute has ensured that the subject is delivered in its full integrity to the student pursuing their studies.

**-Abhinav Johri
Ernst & Young**

Impressive infrastructure, vibrant student community and dedicated faculty members. IIIT-Allahabad has all necessary foundation pillars to grow as a long lasting premier education institute of India.

**-Mr. Praveen Bhagvat
Airtight Networks**

"IIIT - Allahabad is the best bet when it comes to sourcing the right talents on Information Security".

**- Mr. Joe Bastian
